Visitation Update

Effective 11/19/2024

Due to FCC regulations, Securus Technologies (our facility's inmate phone and video visitation vendor) will be implementing restrictions on video visitation sessions. Securus will offer each inmate one (1) free remote video visit each week. All other visits will have to be on-site video visits. Friends and Family will continue to register for visits at www.videovisitanywhere.com. After signing up and being approved, they will then schedule visits through Securus. We will continue to monitor the status of the FCC ruling as well as the impact it may have on inmate visitation and what, if any, steps our facility may have to do to address this change.
